

## 18 U.S.C. 2257 Exemption

During our operation, we offer content generated by artificial intelligence, where real individuals are not depicted, and they do not participate in content creation, production, or hosting activities. All content available here is exclusively created using artificial intelligence (AI) technology, excluding the participation of real individuals in shared images, videos, or other media.

While our operation inherently complies with the requirements set forth by the federal labeling and record-keeping law (18 USC 2257), we place particular emphasis on strict compliance protocols for age verification and record-keeping requirements for adult content. We strictly adhere to the guidelines outlined in the 18 USC 2257 Record-Keeping Requirements Compliance Statement to ensure a safe, legal, and appropriate environment for our users.

Our commitment to adhering to relevant laws and regulations is unwavering. We consistently ensure that the features and content of our platform comply with legal requirements, thereby providing a safe and compliant environment for our user community.

If you have any questions or concerns regarding the content or our compliance measures, please feel free to contact us confidentially at [contact@cuties.ai](mailto:contact@cuties.ai)
